ORR Serving up A Famous, Old Family Feud

By Jeffrey D. Wagner

To Old Rochester Regional High School senior Aidan Silk, the iconic Romeo from Shakespeare's "Romeo and Juliet" was nothing more than a 14th Century frat boy. Silk and other ORR theater students all have a unique perspective on their characters and will make them accessible to a modern audience.

They will take the stage November 16-19 to put a comedic twist on the classic love story. All shows begin at 7:00 pm with the exception of the 2:00 pm matinee on Sunday, November 19.

Director Maxx Domingos said this is her fifth show, and the group decided to tackle a tragedy instead of the usual comedy. The show, according to a written release, will still deal with heavy topics such as suicide and stick to the original, tragic plot, but it will play up the comedic moments and will be condensed.

"We are exaggerating the pieces of comedy in it a little bit," Domingos said. "We are adding their comedic talents into it."

Before rehearsals began, the cast watched the 1996 Baz Luhrmann adaptation of the play. The film features Leonardo DiCaprio as Romeo, uses modern settings, 1990s alternative rock background music and a comic character dressing in drag to the Capulet ball scene – often portrayed as serious.

While the cast probably will not go to those lengths, they all have embraced their characters and Luhrmann's modern twist on them, according to Domingos.

"While (the

Luhrmann version) is unconventional, it brings a little bit more of a modern point of view, and it is easier to connect with and is more accessible, especially for us doing Shakespeare at the high school level," said senior Chloe Bean, who will play Lady Capulet.

"I was really excited to get (the part)," said Bean, an ORR actor for the last three years. "I think she is not only one of the big characters, but she has a lot of power over her daughter, which is fun to play."

Senior Blaine Boulanger, who plays Capulet, commented on the 1996 version of the play and how his

character appears "goofy" at times in 1996, with Paul Sorvino as Juliet's hothead father. Boulanger said he is still excited to bring out some of Capulet's negative emotions, which he considers more of a challenge to play.

Boulanger, along with Silk, is gracing the ORR stage for the first time. Boulanger says he has aspirations toward becoming an actor.

Silk said he was inspired by a Broadway performance of Romeo, and some of his phrasings come from that stage. Silk said he tried out for the parts of Friar Laurence and Mercutio, Romeo's comedic friend who often tells suggestive jokes. He says he has now settled into this character.

"The fun parts are the ones filled with the most emotion, like when he gets angry at Tybalt (Juliet's cousin)," Silk said. (Romeo) has been described as a 14th century frat boy, and we (the cast) all agree with it."

Senior Reese Souza said she wanted the part of Juliet but didn't know if it was achievable. "If you put your mind to it, anything is possible," she said.

Souza said she derived inspiration from actor Olivia Hussey, who played Juliet in a classic movie adaptation directed and cowritten by Franco Zeffirelli.

"She's bouncing off the walls all over the place," Souza said of her character. "She has that emotional maturity toward her, but in some ways she can be immature on how she lashes out at others."

Other actors include: Cattarinha Nunes as Nurse, Calder Eaton as Mercutio, Jorge Carrillo as Benvolio and Tenley Lane as Tybalt.

According to a written release, the play would best be enjoyed by adults and younger patrons in Grades 5 and above, as the story contains topics of suicide, fighting and death.

This will be the fifth show for Domingos and fourth show for Assistant Director Sarah Whinnem.

Sound design will be by John Farrell.

take a few days here and there, I had breakfast with the same group of men. The local coffee shop was our meeting place. It was my morning routine.

Our group included an advertising specialties salesman who spent his days selling any product that he could print your name on, but his primary goal each day was to play golf. There was a former butcher who lost his job when the local market closed. He became an insurance salesman ... still a butcher in some people's minds. Another owned a carpet-cleaning business that he bought when his former job, hanging wallpaper, disappeared when wallpaper went out of favor. There was a retired art director and me, an itinerant artist and teacher. As with all groups of this type, we would solve the world's problems by 9:00 am and be off to our regular activities. That was our routine.

Blanche, the waitress, was a cantankerous woman who would have our coffee or muffin waiting when we arrived, knowing what we wanted because none of us varied from our morning routine. If we did, she would scold you up one side and down the other. You had

wasted her time and messed up *her* morning routine.

After retirement and returning home to our village, I anticipated a new routine of crawling out of bed and walking across the street to the local coffee shop, affectionally known as the "Wind Tunnel," to continue solving the world's problems with a new group of friends. Alas, the Wind Tunnel closed the very week I retired. They must have heard I was coming.

My summer morning routine would be restored with a short drive to the town wharf for coffee at the seasonal food emporium, appropriately nicknamed "the slip." A new batch of ever-changing, coffee-sipping companions emerged.

One day there might be a retired plumber or an engineer. Another day a former federal agent, a marathon winner, a retired flagpole installer, a skydiver, a world traveler and occasionally, someone of the female persuasion would show up ... and me. An eclectic group indeed. My new routine was established ... until fall.

Fall brings cooler temperatures, falling leaves and the removal of our favorite coffee spot, literally driven away for winter storage like all the boats in the harbor. This year this change has generated much discussion as to where our little group will gather for our daily java fix. In years past, we didn't see anyone during the long winter. Time to change that.

The routine of meeting in the morning is not unprecedented. When my father ran the village barber shop, a band of locals ... a laborer, a fisherman, a doctor, a fireman, a politician, and others would gather in his shop to resolve local disputes and kibitz. They called themselves the Professional Loafers Club, the PLC. It was their routine. Today it is well known that the Republicans routinely meet at the local bakery and the Democrats too. There is the ladies' group who have their own reserved table and still others who meet at the nearby diner.

Our group doesn't have a name, but the consensus was that we needed to gather in the winter, at least from time to time, lest we forget each other's name come spring. So, meet we do. The plumber is there and the world traveler, the flagpole installer and the skydiver who has yet to retire even at his advanced age, a

Sewer Upgrades Town Meeting's Biggest Ask

Mattapoisett Select Board

By Marilou Newell

The Mattapoisett Fall Special Town Meeting will take place on Monday, November 6, at 6:30 pm at Old Rochester Regional High School Auditorium. At that time, voters will be asked to transfer and spend revenue included in 11 warrant articles.

On Monday, the Mattapoisett Select Board unanimously moved each article for voters' consideration. Before the meeting began, member Tyler Macallister quipped that the warrant didn't spark any surprises. The only article the board believed would be problematic for voters is Article 11, Fairhaven Sewer Treatment Plant Upgrades, weighing in at \$8,000,000, Mattapoisett's 16% share of a total project estimated at \$70,000,000.

"Sewer rates will increase," stated Town Administrator Mike Lorencio, who confirmed when asked that Mattapoisett sewer fees will pay for the town's

portion over time. Lorenzo noted that Water and Sewer Superintendent Henri Renauld is seeking to find ways to level off increases in sewer rates rather than asking the users to pony up large sums. "But there will be increases," he concluded.

Article 7 will address the need for additional financing over and above the Coastal Zone Management grant of \$585,000 to cover any easement or confirmatory taking fees associated with the rehabilitation of Old Slough Road.

Long discussed as an important, albeit necessary evacuation route off Angelica Point in the event of a flood emergency, Old Slough Road, it is believed, was once used as a logging road and later a bootleggers' route to

The road appears on local mapping dated 1810 but has basically been abandoned for decades, informally absorbed into private backyards. New mapping completed late 2022 performed by Ken Motta of Field Engineering, the town's consulting engineer, displays a roadway capable of offering an escape route should flood waters cut off existing, paved roadways. Approximately 140 structures could be serviced with Old Slough Road's reopening.

Working in partnership with the Mattapoisset Land Trust, which has considerable open space holdings in the neighborhood and along Old Slough Road, the town received a CZM grant in the amount of \$585,000. An additional \$235,000 will be needed as the town's portion for engineering fees. "The construction estimates came in higher than expected," Lorenzo told the Wanderer, at \$646,000. "There were permitting costs, engineering and survey expenses not part of the estimate."

Lorenzo also stated that the town is satisfied with the current mapping of Old Slough Road, and that wetlands were an issue when planning rehabilitation of the ancient way.

At the beginning of Monday's Select Board meeting, Lorenzo confirmed that the state audit certified Free Cash at \$3,005,426, "...a healthy number..." and that several stabilization and other funds will benefit from a transfer of free-cash funds. But Lorenzo also pointed

out that if Town Meeting moves all the articles, there will remain, "approximately \$1,000,000 going into the Spring Town Meeting."

Article 1 will transfer \$575,000 to the Debt Stabilization Fund, and Article 2 \$335,000 to the Mattapoisett Capital Stabilization Fund, both from free cash.

Article 3 will appropriate \$330,000 for Public Works projects such as roadways and sidewalks.

Article 4 would appropriate \$37,000 for a sewer connection to land along Industrial Drive, formerly a town dump site. Select Board member Jodi Bauer questioned the wisdom of spending taxpayer money on property that cannot be developed due to the subterranean

dump site. Macillister and Lorenzo advised her that the property could be developed by bringing in fresh fill material and no breaching of the former dump location. The article was moved for inclusion. Free cash would be tapped for this article.

Also coming from free cash, \$350,000 via Article 5, to be used for the Highway Building renovations.

Amendments to the FY24 Annual Budget are included in Article 6. Those are \$24,394 (part-time personnel, treasurer/collector), \$100,000 (local schools) and \$10,000 for the Transfer Station.

Article 8, Confirmatory Takings Tinkham Forest \$1,000, will come from free cash, and Article 9 will allow the town to establish a Stabilization Fund and to appropriate funds from the opioid settlement. Article 10 will move the proceeds from the sale of the former Water Department Building on Church Street (\$353,590) from free cash to the Water Department Reserve Fund.

The next meeting of the Mattapoisett Select Board was not announced before adjournment.

Students Bullish on Television

Marion Select Board

By Mick Colageo

The response of Old Hammondtown Elementary School students in neighboring Mattapoisett to an opportunity to participate in television production with Old Rochester Community Television caught ORCTV Executive Director Robert Chiarito off guard.

"Every single fifth grader tried to sign up," Chiarito told the Marion Select Board during Tuesday night's public meeting at the Police Station.

In attendance via appointment to present an Annual Report, Chiarito and Phil Sanborn, Marion's liaison to and representative on ORCTV's Board of Directors, brought the Select Board up to date on multiple matters of interest, including the spiking interest in student participation.

Chiarito said the junior reporter program has been so popular that students have been divided into two groups. He hopes that when they reach high school, they will still be interested. Students put together a half-

hour news program about what's going on at the school, including plays and concerts. They write, produce, direct, film the shows themselves. Chiarito said some of the work is done in the studio and some in the field.

"This year there's more than twice as many kids as spots," he said.

Along with the usual bookkeeping such as a third-party review (a draft of which Chiarito said he would have by November 6 to present to a Tri-Town Select Board meeting) and an audit, ORCTV is hoping to build a radio station. They have identified an in-school site, renovated and painted it. Now they're only waiting on technology. The internet-based radio station will allow listeners to stream government meetings.

There is also a plan in the works to outfit a new press box at the high school. Chiarito said that ORCTV has donated money to the project and has been waiting six to seven years for it to become a reality. Chiarito said mounting such a structure atop existing bleachers is a complicated task.

A prefabricated construction such as a shipping container could be mounted, and Chiarito indicated that ORCTV wants to make it handicap accessible. There is no construction timeline because all the labor involved is volunteer based. ORCTV is not doing the building, just the wiring and installation of broadcasting equipment.

In his Town Administrator's Report, Gorman said that procurement and project budgeting is completed for the new Harbormaster Building construction. Alluding to the informational meeting held on the subject an hour before the Select Board met in the same room, Gorman credited Marleigh Hemphill, the daughter of Executive Assistant Donna Hemphill, for a fine job putting together the pamphlet distributed to attendees. Gorman was told to anticipate a nine-month construction timeline.

As for the proposed Department of Public Works operations center at Benson Brook, a November 7 meeting has been scheduled to discuss procurement and a construction timeline.

Marion's Swap Shed, aka the Boutique at Benson Brook, now has rules and regulations, after Donna Hemphill met with Randy Parker and other stakeholders. The plan is to open the Swap Shed from April to October

on Wednesdays from 9:00 am to 2:00 pm. The shed will be open to Marion and Rochester residents and will be staffed by volunteers. The town will hold the right to refuse any item.

The Marion Police Department has received a \$46,000 grant to fund body cameras and received a letter from state officials congratulating the town for being selected. Body cameras were part of union contract negotiations. Gorman expects Marion will have them by July 2025.

Marion has received Best Practices grant funding of \$35,000 to update the town website, achieve ADA compliance (January implementation), and another \$15,000 to improve human-resources policies and

procedures. Consultants have reached out, according to Gorman. The strategy is to create a template for an employee portal in a SharePoint site so that employees can access information.

The town is applying for an IT Best Practices grant to pay an Upper Cape Tech student whose full week of work has inventoried the Town House computers, an estimated eight or nine of which can no longer support software upgrades.

Marion has also applied for grant funding for a digitization effort at a maximum \$200,000 that would cover 75% of costs; Gorman is waiting on a response.

The Marion Fire Department will host an Open House on Friday, October 20, at 6:00 pm at Fire Station

No. 1.

The Special Town Meeting will be held on Monday, October 23, at 6:45 pm at Sippican Elementary School.

A Pumpkin Palooza will be held on Saturday, October 28, from 1:00 pm to 3:00 pm at Cushing Community Center. Participants in pumpkin carving must preregister by Tuesday, October 24.

Marion will hold a Veterans Day ceremony on Saturday, November 11, at 11:00 am, followed by an 11:30 am lunch for veterans and their families at the Cushing Community Center.

Heather O'Brien started on Monday as the town's new finance director. O'Brien, the unanimous choice of the Select Board members among three finalists for the job, visited for two or three hours three times to work with Judy Mooney prior to her official start date.

The abiding complications felt by the Marion Energy Management Committee in its quest to orchestrate some energy-saving solar installations in town landed in the lap of the Select Board, as it discussed a letter received from the EMC.

Most of the focus was on the longstanding effort to get a ground-mounted solar project at Benson Brook, an item now being stalled after Eversource recently declared the need to take a step back from all new projects while it reassesses all aspects of its operation.

Gorman participated in a virtual meeting with PowerOptions' consultant and remains optimistic that the town will find a few solar projects it can complete. Per Select Board member Randy Parker's request, he intends to set up a roundtable meeting.

"What our little committee is concerned about is Marion should do their part to try and reduce fossil fuels. Unless we do something, nothing's going to happen," said Ingerslev, who believes Eversource's main concern is handling power already created. "Eversource has to have the infrastructure to take that power out."

The new DPW building is being designed and positioned for roof solar.

In other action items, the Select Board granted a one-day Special Liquor License to ICJ Corporation for the Travers wedding scheduled for Saturday, October 21, from 1:00 pm to 8:00 pm at the Music Hall.

The board agreed upon 2024 meeting dates and approved the closure of Holmes Street for the annual Marion Cub Scout Pack 32 Soapbox Derby on Saturday, November 18, from 8:00 am to 2:00 pm (rain date Sunday, November 19.)

A sewer connection was approved at 3 Taunton

Town Sticks with One Tax Rate

Rochester Select Board

By Mick Colageo

After a Classification Hearing held on October 12, the Rochester Select Board voted to maintain a residential factor of one, resulting in a continuation of the town's practice of Residential and Commercial/Industrial properties being taxed at the same rate for FY24. Rochester's estimated tax rate for FY24 is \$11.06, down 6.82% from FY23.

"I'm trying to bring new business into the town," said Select Board member Adam Murphy, who was happy to help avoid discouraging that very thing.

The average Single-Family-Home assessment for FY24 is \$583,261, an 11.76% increase over FY23. The average single-family tax bill is \$6,450.87, up 4.13% from FY23.

The average Condominium assessment for FY24 is \$494,697, up 3.97% from FY23, and the average tax bill is \$5,471.35, down 3.12% from FY23.

The average Commercial/Industrial assessment for FY24 is \$698,903, up 11.27% from FY23, and the average tax bill is \$7,729.87, up 3.7% from FY23.

centered around a report from Rochester Director of Assessing Karen Trudeau, who read pertinent information into the record and explained that towns with high percentages of commercial property tend to use a split tax rate. Doing so in Rochester, she indicated, would not result in significant savings.

A shift in the tax rate would have lowered the average residential tax bill between \$93.33 and \$489.94 while, at the same time, increasing Commercial, Industrial and Personal tax bills between \$706.09 and \$3,871.92.

Of the five property classes in Rochester, 86.77% is dominated by residential land with a Full and Fair Cash Valuation of \$1,286,285,865. Of the Commercial, Industrial and Personal property totaling 13.23%, Trudeau said in

her report that much of that land is small business and Chapter land.

Appearing on Zoom, Board of Assessors member Jana Cavanaugh publicly thanked Trudeau and administrative assistants Margaret Gonneville and Jennifer Allain for their hard work preparing the Select Board members for their decision.

Rochester's top five taxpayers are: NStar Electric (\$36,563,890 value, \$405,392.02 tax bill); Algonquin Gas (\$22,569,200 value, \$249,615.35 tax bill); SEMASS Partnership (\$22,504,700 value, \$248,901.98 tax bill); Buzzards Bay Solar (\$17,244,900 value, \$190,728.59 tax bill) and EL Harvey & Sons (\$13,860,500 value, \$153,297.13 tax bill.)

Industrial property takes up 5.52% of Rochester land valued at \$81,820,355. Personal Property takes up 4.77% valued at \$70,775,390 and Commercial takes up 2.94% valued at \$43,605,710. There is no Open Space in Rochester.

The total value of Rochester's real estate and personal property is \$1,482,487,320, up 11.64% from FY23 with an estimated tax levy of \$16,403,090.

The next meeting of the Rochester Select Board is scheduled for Tuesday, October 24, at 6:00 pm at Town Hall, 1 Constitution Way.

Harbormaster Makes Final Pitch

By Mick Colageo

An hour before Tuesday night's Select Board meeting, the Town of Marion held an information session on the Maritime Center that will ask voters to appropriate \$1,202,688 at the Monday, October 23, Special Town Meeting at Sippican Elementary School.

Current funding for a new harbormaster headquarters is \$1,603,000 via grant funding from the state's Seaport Economic Council and \$700,000 from prior Town Meeting appropriation. Total estimated cost of construction is \$3,505,688.

The gap figure on the Town Meeting warrant has increased in only a few weeks from a \$922,000 estimate, and an informational pamphlet distributed to attendees warns that further delay in construction will result in cost increase and potential forfeiture of awarded grant funding.

The appropriation is to come from the Waterways Account, which is funded by harbor-related fees, not property taxes.

The current facility measures 225 square feet, but Marion officials and the Harbormaster Department insist it is no match for an operation of three full-time officers, administrative assistance and part-time help to manage 2,300 active moorings.

The old building is not ADA compliant, and currently operations are split between the office at Island Wharf and the Town House.

Asked by a resident unconvinced that the equipment was fairly described as "life-saving" how many lives have been lost due to the current conditions of equipment storage, Marion Harbormaster Adam Murphy was less than thrilled to suck the air out of what was likely meant as a rhetorical question.

"I personally lost one life, an eight-year-old boy named Connor," said Murphy. "Sorry, I'm a little caught off guard by your question."

Alluding to the complications of procuring a simple dive mask and some fins in an emergency situation, Murphy said, "time matters, preparation matters, having equipment available to us. ..."

Murphy said that while Marion is a relatively small town, its harbor ranks second in the state for volume to Nantucket. He cited the yacht clubs, Tabor Academy and the need to staff all harbor events.

"A lot of medical issues that happen out there," he said, noting that both marinas see several hundred boats come in and go out every weekend and that the Beverly Yacht Club calendar is full of events.

Vin Malkoski, the chairman of the town's Marine Resources Commission, said, "It is critical to note that with the facilities we have, because we have really good people who train really hard ... that we avoid ... (catastrophes.) The facility we have now is not going to support that mission."

Wharf and the Town House. He says critical and operational storage space was lost when the town sold its Atlantis Drive building. Marion saved substantial money building its own floats in-house, something it can no longer do.

Administrator Geoff Gorman said that the \$900-per-square-foot construction price will increase by at least 25% if the town waits until May to vote to fund the remaining construction cost.

Others in attendance supported the new construction, especially those in the boating industry.

Wetland Delineations Prioritized

Rochester Conservation Commission

By Michael J. DeCicco

Rochester's Conservation Commission Tuesday approved the next step for a plan that will place a 15-acre, self-storage facility at Kings Highway and Route 28. The panel approved an Abbreviated Notice of Resource Area Delineation that reflagged the parcel's 2,700 linear feet of bordering vegetated wetlands.

The Concom approved the site's first wetlands delineation in 2015, the petitioner's engineer Robert Rogers explained at a previous meeting. Then a commercial development plan that did not survive long was approved in 2017. Now, eight years later, the flags marking the wetlands are hard to find and just plain missing.

Rogers reported Tuesday that the delineation flags have been successfully rehung, and Conservation Agent Merilee Kelly endorsed the work. "It looked good to me," she said. Rogers said next he will want to seek approval of a new Notice of Intent on the project itself. The commission promptly approved the delineation unanimously.

Next, the commission asked for more information before it can approve a Notice of Intent for a plan to expand the backyard and level the area with additional fill at 31 Hiller Road, for a yard that will extend no closer than 25 feet to the wetlands.

Homeowner Nathaniel Reece told the board he simply wishes to extend his backyard and flatten it "closer to level" for more space that his family and pets can play on. Already, he has placed a silt fence and boulders where he wants his work to start, he said. He explained he is a mechanical engineer by trade, and his starting point for his wetlands distance measurements are old wetlands flags on the property.

The commission responded that it needs a precise delineation of where the wetlands begin and that Reece should hire an engineer for the job. Commission member Ben Bailey cautioned Reece that it will take at least two commission meetings before the actual approval can be given.

The commission then had a similar request of Walter Farias regarding his property at 532 Snipatuit Road, where an Enforcement Order was recently issued to stop work after the property was the site of a fire near a houseboat on the pond.

Faria and his consulting engineer Rick Charon explained to the board their specific plan to carefully clean up the area. The commission said what needs to be done first is to file the Notice of Intent paperwork to include a wetlands delineation.

Charon said the houseboat has a fiberglass hull and a wooden frame and is sinking into the pond. The plan is to surround it with a vinyl containment boom and silt controls and be ready for anything beyond that with

oil-absorption pillows. A small excavator will then clean out the hull, cut the hull up and haul it away, then take out the remainder of the dock and clean the burnt debris from the hangar building.

Bailey asked why a wetlands delineation has not been done. "It depends on how fast you want us to move on this cleanup," Charon said.

"We just want to make sure you do the work correctly," member Mike Gifford said.

The board instructed Charon to file a Notice of Intent, including a wetlands delineation before any work begins.

Next, the board learned the Mattapoisett Select Board cannot help the town with the much-debated, 241-acre regional Conservation Restriction that includes 13 acres at Red Brick Farm East but gives Rochester no rights to the water there. The agreement gives Mattapoisett the water rights to the Rochester parcel, including possibly digging up to four new wells under a co-ownership agreement with the Mattapoisett Water and Sewer Authority.

Kelly on Tuesday read aloud a recent letter from the Mattapoisett Select Board in which the panel said the issue is outside its jurisdiction.

Moments later, Kelly had better news, that Rochester Town Administrator Glenn Cannon recently told her he is working to schedule a meeting of Mattapoisett Water Authority and Rochester officials for the November 6 Select Board meeting to discuss the issue. This led Conservation Commission Chairman Christopher Gerrior to move that the commission post notice of a public meeting that night to join that discussion.

The commission decided at its meeting two weeks ago to take its appeal to keep the town's rights to that water local directly to the Select Board, and the Planning Board agreed to join this strategy last week. When they first heard of the CR plan months ago, commission members complained that Rochester has lost the right to use its own water resources too many times over the decades.

The commission eventually prodded the Mattapoisett Water Authority to agree in writing it would "make every effort" to transfer the conservation land in

Coming before the board on Tuesday night was developer Scott Snow to finalize a surety agreement for the Eldridge Estates subdivision off Prospect Road. Snow sought and received a waiver to change the planned underground electrical service to overhead wiring. Snow also received confirmation of an updated surety agreement from lot holding to cash totaling \$48,000.

Caroline Booth of the engineering firm Beals and Thomas, Inc., came before the board remotely for their client, Randall Lane Solar, which requested an extension for an approved solar site. A reason was not given during the meeting, but in a follow-up, Booth said a letter

outlining the need for the extension has been submitted to the board on behalf of the client.

In a follow-up with Town Administrator Mike Lorenzo, he said that the request was due to Eversource's need to study the grid and interconnection considerations. "These large solar projects take time and have to go before the Department of Public Works, a time-consuming process," said Lorenzo. The Randall Lane Solar project received a two-year extension.

The next meeting of the Mattapoisett Planning Board is tentatively scheduled for Monday, November 20, at 7:00 pm.

out with today. It was a special night," said ORR head coach Jimmy Oliveira.

ORR defeated visiting Bourne 3-1 on October 13, as Troupe made nine kills with .444% hitting and Rodrigues and Ava Vander Pol both added eight kills. Over the week, the Bulldogs avenged two early-season losses against Greater New Bedford Regional Vocational-Technical High School and Bourne.

The victory over Bourne came on the heels of a huge win for the Bulldogs on October 11, a 3-1 victory at home against GNB Voc-Tech (11-3.) That win lifted ORR into a first-place tie in the SCC. The set scores were 16-25, 25-11, 27-25 and 25-19. ORR lost the first set, but then went on to win the next three in dominant fashion. Sophomore Emily Brezinski was named player of the game, in which she had seven kills and two blocks.

"I was extremely proud of the girls for stepping up in sets 2-4, proud of our upperclassman for being good role models and our freshman (and) sophomores for stepping it up," said Oliveira of the victory over Voc-Tech.

The Bulldogs were scheduled to visit Apponequet (9-7) on Wednesday, October 18.

Golf

A day after a 224-244 victory over Fairhaven on October 11, ORR's golf team faced Bourne (11-4) at the Bay Club, winning 239-271. The victory put the Bulldogs at 12-2 and on a six-match winning streak. Junior Peter le Gassick was crowned the medalist with a nine-hole round

of 37.

"Good showing from all six players," ORR head coach Cabe said following the win against Fairhaven (8-2). In the match, le Gassick shot a 1-under-par round of 33, while Brady Mills and Jack Czerkowicz both shot 37. Luke Pierre, Connor Galligan and Zach Mourao shot 39.

The Bulldogs had one more dual match scheduled against Somerset Berkley (4-10) at the Bay Club on October 17. After that, the South Coast Conference championship will take place on Thursday, October 19, hosted by GNB Voc-Tech at Whaling City Country Club.

Girls Soccer

ORR girls' soccer played at home on October 13, beating Bourne, 3-1. The win improved the Bulldogs record to 7-6. Junior Audrey Thomas had two goals, as freshman Gigi Duchaine had one of her own. Junior Liz Feeney had two assists, and Sofia Bouley had one. The Bulldogs had a 2-0 lead at the half, and while they didn't play as well as they wanted to in the second half, they were able to hold off Bourne (8-5-1) to secure a much-needed win. ORR's next game was their pink game, scheduled for Tuesday, October 16, at home against Somerset Berkley (5-5-1.)

Boys Soccer

ORR boys' soccer lost 1-0 at Somerset (10-1-3) on Monday. Somerset scored the lone goal on a penalty kick in the first half. Playing well for the Bulldogs were goalkeeper Emile Joseph and midfielders Colin Mello and Jackson Veugen.

The Bulldogs traveled to Dartmouth on October 13 to face Bishop Stang (5-6-1) and took care of business,

winning 2-0. Goals were scored by sophomore Garrett Ignacio and freshman Grady Oliveira. Joseph earned the shutout.

The victory came two days after the Bulldogs played visiting GNB Voc-Tech to what ORR head coach Mike Devoll called "a hard-fought tie," as ORR took 22 shots on goal in the 1-1 final. ORR's goal was scored by senior midfielder George Psychopaidas, assisted by Oliveira. The Bears (5-3-2) took eight shots, but John Marmelo, Luke DeVoe and Owen Modracek shut them down on defense.

The Bulldogs took a 7-3-2 record to Gillette Stadium for a Wednesday, October 16, game against GNB Voc-Tech (also 7-3-2). Yes, you heard that right – Gillette.

Unified Basketball

The Unified Bulldogs basketball team traveled to Somerset Berkley to face the Raiders (2-2) on Monday and won a 45-44 thriller.

It was back and forth all game, with the Bulldogs holding on to the lead for most of the game. Somerset went up four points with two minutes left, but the Bulldogs gave it their all and came back. Junior Michael Hogan finished with 11 points, Tom Grondin scored six and Emilia Cantwell scored four.

With the win, the Bulldogs are now 3-0 to start the season. Sophomore David Wilson was named player of the game for his hustle and great offense and defense.

"Every single Unified Bulldog athlete scored in the victory! This speaks to our teamwork and hustle. The players work together to help each other get open, and encourage each other," said ORR head coach Fenton.

The Bulldogs will host Fairhaven (3-0) on Monday, October 23, celebrating Senior Night. Seniors Traeh Carrington, Jacob Newton and John Butler will all be recognized.

Field Hockey

ORR traveled to Swansea on October 12 and lost 5-0 to undefeated Joseph Case High School (10-0.) Three of Case's goals were scored off penalty corners. Tessa Winslow and Kelsi Chick each tallied a defensive save. Freshman goalkeeper Reilly Patraiko made 12 saves for the Bulldogs, who were headed to Fall River on October

Football

ORR's football team had four opportunities inside the red zone but came away with no points in a 28-0 defeat at Fairhaven (6-0) on October 13. "We had two turnovers, and Fairhaven played a clean game. They were better than us on Friday night," said ORR head coach Bryce Guilbeault. The Bulldogs will have another challenging game ahead of them, hosting 5-1 Somerset Berkley on Friday, October 20.

Correction

The article "Autistic Achievers Thrive on

Horseback" in the October 12 Wanderer incorrectly stated that Brendan is nonverbal. Brendan is autistic but, in fact, verbal. Brendan earned silver and bronze medals in a September 30 equestrian Special Olympics competition at Briggs Stable in Hanover.

Mattapoissett Police Annual Halloween Parade

The Mattapoissett Police Annual Halloween Parade on **October 31**. The parade will start at 6:00 pm behind Center School on Church Street. Judging and candy will begin at 6:45 pm in the rear of Center School, open to Mattapoissett residents only.

Mattapoissett Bogs Wetland Restoration

Construction to restore natural habitats at the retired cranberry bogs will begin on **October 16** at Buzzards Bay Coalition's Mattapoissett Bogs property at 141 Acushnet Road. The project will transform previously farmed cranberry bogs back to wildlife-friendly natural freshwater wetlands and grassland habitat. This natural habitat restoration will better absorb and filter water moving into the Mattapoissett River, the harbor and Bay downstream and the public drinking water supply in the ground underneath. The trail system will be reconfigured and improved. Several bridges and boardwalks will be installed throughout the restored site to enhance the visitor experience, and the main parking area will be expanded at this popular recreational property. Trails at the Bogs will be temporarily closed during construction.

Visitors are encouraged to explore several other trails in the area, including at Tripps Mill, the New Boston

Trail and Tinkhamtown Woodlands.

The restored site with its improved trail linkages will reopen in late-2024.

Cushing Cemetery

Cushing Cemetery is holding its biannual meeting at the town library at 11 on **October 28**. All members of the board are asked to attend. This meeting is open to the public so if you are interested in our Cemetery, please join us. We are always looking for volunteers and new members.

Mattapoissett Historical Commission

The Mattapoissett Historical Commission is pleased to announce that Ms. Lynn Smiledge has been selected to complete Phase One of the Mattapoissett community-wide survey. Ms. Smiledge is a preservation consultant who has extensive education and experience in preservation history and planning. She has a strong base of knowledge in the history, architecture and culture of southeastern Massachusetts, as informed by her work in Marion, Middleborough, Fairhaven, Fall River and various communities on Cape Cod.

The goal of this survey is to update and expand documentation of the historic and cultural resources of

OBITUARIES

Michael W. Corrigan of Mattapoissett, formerly of Vienna, Virginia, passed away on October 14th, 2023. He was born on February 25th, 1959, to the late Admiral Donald T. Corrigan and Ann (Welch) in Fall River, Massachusetts. He was raised in Fall River and Somerset. He graduated from Providence College in 1981 then attended the Naval War College/Salve Regina where he earned his MS in National Security Policy and Decision Making.

In 1981, he began a 28-year career with Naval Criminal Investigative Service (NCIS) in Camp Pendleton, California. He was then selected as the Agent Afloat aboard the USS Nimitz (CVN - 68) where he was involved with the Walker Spy Investigation. After being in the Middle East, he returned to Newport, Rhode Island where he was the Assistant Special Agent in Charge for Foreign Counterintelligence. In 1990, Mike was appointed Resident Agent in Charge of Earle, New Jersey. In 1995, Mike was assigned to the Joint Counterintelligence Support Branch in the Pentagon as a Senior CI Staff Officer. Mike was awarded the Meritorious Civilian Service Award for his participation in the Robert Kim espionage investigation. In 2003, Mike moved to the Deputy Assistant Director role for all investigative support. Upon his retirement, he worked for Crossmatch and Sonavation Technology Companies from 2009-2014. He then started his own consulting company until 2017.

He is survived by his wife of 38 years, Kathleen (Quinlan), his daughter Katherine, son Ryan, daughter-in-law Carolyn and granddaughter Lily of Washington D.C. He is also survived by sister Beth Tucker, Brother-in-law Tom and sister Caroline. He was also close to his in-laws, Cheryl and Paul Coucci, Tim and Kim Quinlan, Nancy Quinlan and several nieces and nephews.

Mike was the ultimate storyteller who hardly met a stranger. He was a strong competitor who played golf at Newport Country Club for most of his life and earned accolades for Rugby in his earlier days. Mike was a devoted father and husband who always supported his family. Over the past couple years, Mike faced many medical obstacles that he faced with bravery and determination. He will be dearly missed.

In lieu of Flowers, please donate on behalf of Mike to the Corrigan Family Scholarship Fund at Providence College.

His Funeral Mass will be celebrated on Thursday, October 19th at 10 am in St. Anthony's Church. The public is invited to meet directly at church. Burial will follow in St. Anthony's Cemetery. Visiting hours will be held on Wednesday, October 18th from 4-7 pm in the Saunders-Dwyer Mattapoissett Home for Funerals, 50 County Rd. (Rt. 6), Mattapoissett. For directions and guestbook, visit www.saundersdwyer.com.

If you have a notice you would like to have included in the Obituaries section, please contact our office at: 508 758-9055, or by email at office@wanderer.com.

the Town of Mattapoisett. The last survey was completed in the late 1970's and early 1980's. It is outdated and incomplete. The information can serve as a basis for determining if a property is eligible for listing in the National Register of Historic Places, which is a formal recognition of the significance of a property in the nation's history, culture, architecture, or archeology. The results of this survey will benefit individual property owners who are interested in the history of their homes, as well as providing a tool for local boards to insure that historic resources are preserved. The information does not impose any constraints on individual property owners.

Phase One of the survey, which is a multiyear effort, is expected to be completed in June, 2024. It is being funded by matching grants from the Mattapoisett Community Preservation Committee and the Massachusetts Historical Commission.

Marion Scouts Annual Food Drive

Since 1988, the Scouts of the Narragansett Council have helped feed families in need by collecting nearly 10 million pounds of food. The yearly Good Turn is the area's most impactful food drive and the largest annual Scout service project. Marion Cub Scout Pack 32 and Troop 32 have been participating in this project since its inception. This year donations will help to supply food to the Marion Food Pantry. TriTOWN HAPPENINGS

Ross James Gracia and Ashley Dias, pictured at Jordan Pond, Acadia National Park, Maine, were married on a gorgeous fall day, September 24, at Otter's Cliff in Acadia National Park. Officiant Marcia L. Gracia performed the ceremony. The bride is the daughter of Barbara and Stephen Becker of Exton, Pennsylvania. She is a dog groomer and a barrel racer. The groom is the son of Marcia and James Gracia of Mattapoisett. He is a union electrician. Ross and Ashley Gracia reside on their farm in Maine. Photo courtesy Marcia Gracia

The Old Colony Regional Vocational-Technical High School Parent-Teacher Organization held its annual Fall Family Festival on Saturday at its athletic fields in Rochester. The Boy Scouts were on hand to offer activities, and of particular fun for visitors was an extra-large, military-style inflatable obstacle course. Photos by Mick Colageo

Mattapoisett's Fire Department opened its doors to the community on October 12 with a grand party filled with family, friends and pizza. The event was an opportunity for the department to highlight fire prevention while tiny tots donned helmets and rang the bell on an antique fire engine. "It's a great success," said Chief Andrew Murray of the event that hosted several hundred people of all ages. New Fire Engine Number 3 was on display having just a day before been added to the fleet. Murray said it had already responded to three incidents. But the overarching point of the evening was fire safety and prevention Murray stated. Photos by Marilou Newell

MOVIE REVIEW

As the World Burns

By Rob Gonsalves
www.robsmovievault.com

Once Within a Time. Starring Mike Tyson and Sussan Deyhim. Directed by Godfrey Reggio. Running time: 52 minutes. No MPAA rating. Now playing in select theaters.

By the time Mike Tyson turns up as “the Mentor” in *Once Within a Time*, the phantasmagoric new strangeness by Godfrey Reggio, you might want to know exactly how Reggio directed Tyson — what he told Tyson about the character he was playing and the gestures and expressions he was making. Reggio, most famous for his *Qatsi* trilogy begun by *Koyaanisqatsi* in 1982, has said that Tyson didn’t actually need much direction. He, at least, understood what he was doing there, though we might not.

But I’m not here to poke fun. *Once Within a Time* is the latest (perhaps the last) in the 83-year-old former monk’s forty-year mission to make cautionary visual/aural tone poems about what humans are doing to a perfectly good planet. Greta Thunberg is represented as a paper mask, as of course she is. She and Mike Tyson might typify two different approaches to living, or maybe not. Tyson’s casting as a Mentor who instructs children how to build a new world on the ruins of the old might signify that Reggio believes that anyone — rapists of the earth, rapists of women — could conceivably redeem themselves and play useful roles in evolution.

But of course *Once Within a Time* can’t be held to a strict ecological reading, or any reading. I doubt Reggio (who co-directed with longtime editor Jon Kane) sits around watching other people’s films, but his movie, let’s say, *resonates* with the work of David Lynch, Guy Maddin, Shinya Tsukamoto, and more. You could groove on the sounds (Philip Glass, who goes all the way back to *Koyaanisqatsi* with Reggio, contributes another noodly-doodly score) and images, let it all wash over you, and not bother with a scene-by-scene assessment of meaning at all. Perhaps Reggio might prefer it that way. If it means nothing to you, it means nothing (and you’ve only

spent less than an hour on it). If it speaks to you, either bluntly or slant, it might do its most enduring work as an allusive experimental fable.

I don’t feel like writing a blow-by-blow of what “happens,” and you don’t feel like reading one, trust me. Some of it, fixated on children or primates gazing at the camera, has ties to Reggio’s previous effort, 2013’s *Visitors*. A credit near the end tells us the film was “handmade in Brooklyn,” and it does have that quality of having been tinkered with, either digitally or in real space. There’s no dialogue — not in recognizable English, anyway. Various figures — Iranian composer Sussan Deyhim as “Mother Muse,” a “Nonsense Man” who looks like an apple, spirits and robots — do their duty-dance with the death of the world. Smartphones appear as diabolical screens reflecting false existence back to us, at one point forming a black-brick road followed by an Adam and Eve.

Some critics don’t like what they read as Reggio’s preaching and hypocrisy (using the same technology he demonizes, etc.) He certainly isn’t in it for the money, and his brand of film assembly has, for the last twenty years or so, needed Steven Soderbergh in its corner as an executive producer or “presenter.” (Reggio has always enjoyed benefactors: Francis Coppola presented *Koyaanisqatsi*, and he and George Lucas shepherded *Powaqqatsi*.) *Once Within a Time* seems aimed at kids, and a good deal of it has a joyful, searching quality. This time out, Reggio seems to acknowledge that the end of life as *we* know it doesn’t have to mean the end of life full stop, that there might be a next chapter only the youngest of us might read. Or it might be all devastation and charred flowers. We don’t know, and neither does Reggio, who seems to shape these things more as questions than as answers anyway.

ORR Bulldog Pride Alumni Association

The executive committee of the ORR Bulldog Pride Alumni Association has announced a goal of \$3500 for the fundraising drive that will take place during the upcoming Homecoming and Alumni Weekend events from Friday, **October 20** through Sunday, **October 22**.

The ORR BPAA is a recognized organization in the Commonwealth of Massachusetts and operates as a section 501(c)(3) nonprofit. All donations to ORR BPAA are tax-deductible. The ORR BPAA is led by numerous alumni from the Classes of 1988 and 1987. Their volunteer efforts have been ongoing since 2018 to found this enormous project, one that is necessary and required for the continued success of the ORR community. On behalf of the executive committee, president Thomas Xenopoulos Peccini '88 (Mattapoissett) is asking all interested alumni to attend one or all of the events during Alumni Weekend, as the priority is to begin building the database of the association. If unable to attend, please contact the association at bulldogpridealumassoc@gmail.com.

Homecoming 2023 and Alumni Weekend is an opportunity for graduates of ORRJHS and ORRHS to reconvene in support of our school and to establish an outlet for alumni and friends to volunteer and contribute resources in service to students, teachers, and staff.

Donations will be directed primarily to the ORR BPAA's scholarship fund. The executive committee has committed to endow the Bulldog Pride Award for the Classes of 2024-2029, recognizing a graduating senior whose accomplishments have been achieved in service to fellow students and the school through leadership, scholarship, athletic and community roles. For the Classes of 2019-2023, the Class of 1988, along with assistance from alumni of Classes of 1985-1991, alumni from ORRJHS and friends of ORR, the award recipient received \$300. The Foundation committee is committed to increase the amount of this award through this weekend's fundraising drive. Due to the sudden loss of the Class of 1988's beloved class advisor, Teresa ("Mrs. P") Dall, the executive committee has voted unanimously to found an award in her memory. The description of this award will be announced after Homecoming. The amount of this award will be determined by the success of this year's Homecoming 2023 fundraising drive.

The program of events is open to all alumni and friends, an inclusive experience that hopes to bring together the common alumni experience that span decades.

While our Townwide Scavenger Hunt was greeted with enthusiasm, no one came forward to claim a prize. I thought I would let everyone know the locations of the places on the hunt.

#1 was the location of the Roller Rink that was once part of an entertainment area across the street from Mary's Pond. Today, the building is part of the Decas cranberry buildings beside and slightly to the back of the big white house.

#2 The airport was on Rte. 105 on the right as you drive to Marion at what is now Doggett Brook farm.

#3 was a little tougher. Peak Rock is on the right hand side as you drive north on 105. It is past Cornerstone Farm in

Acushnet and not far from the Acushnet/Rochester line.

Rochester, is on the left side of Snipatuit Rd. heading to North Ave.

#5 The newest war memorial is in front of town hall and honors the men of Old Rochester who fought in the Revolutionary War. It is on the back side of the Civil war Memorial.

#6 Bettancourt's Store was across from the Hartley Sawmill and was replaced by Lloyd's Market at the corner of Hartley and Cushman Rds.

#7 The Rochester Grange is next to the entrance to Snow's Pond Rd.

#8 The stone arch bridge was probably the toughest to find. It is pictured here. This was easier for anyone who has been in the boat race. Before the bridge on Rounseville Rd., there is a path on the left side. If you walk down that path through the woods to the river and stop and look back, you get a good view of the bridge.

#9 was the easiest as we gave you the house number. 289 North Ave. is the house across from the end of Snipatuit Rd. as it meets North Ave. The house is on the cover of the Rochester book that we sell at the museum. Lastly, #10 was East Over Farm on Mary's Pond Rd.

SALOME'S STARS

ARIES (March 21 to April 19) Your moodier side might emerge this week. But the dark period should pass in time for the party-loving Lamb to go on a happy gambol with some very special people this weekend.

TAURUS (April 20 to May 20) Yet again, you show your skills at being able to indulge in your love of the arts this week while still taking care of practical matters, including some still-unfinished business matters.

GEMINI (May 21 to June 20) A potential change might be what you've been looking for. In any event, consider both the negative as well as the positive possibilities before making any sort of decision.

CANCER (June 21 to July 22) Relationships continue to dominate your aspect this week on a mostly positive level, with just a few problem areas that you need to smooth over. Also, try to be flexible about travel plans.

LEO (July 23 to August 22) You love being on center stage, and while you absolutely purr at the sound of all that praise, be careful not to take on too many commitments at the expense of time spent with loved ones.

VIRGO (August 23 to September 22) You might feel that you need to get involved in a matter concerning a friend or a relative. But while the issues appear to be cut and dried, they might not be. Get more facts before you act.

LIBRA (September 23 to October 22) A suggestion about a policy change could create heated reactions. Keep your mind open and resist joining in with naysayers unless they can show a real basis for their position.

SCORPIO (October 23 to November 21) While potential career changes warrant your interest, don't ignore your current job responsibilities. A personal relationship can also benefit from more of your attention.

SAGITTARIUS (November 22 to December 21) Don't guess at what the facts might be if you hope to make the best decision possible. The wisest course is to ask direct questions and act on the answers you receive.

CAPRICORN (December 22 to January 19) Your efforts involving that pesky problem should soon show positive signs of being resolved. This should allow you to shift some of your focus in another direction.

AQUARIUS (January 20 to February 18) While you might enjoy well-deserved praise for getting a difficult job done, there's no time to relax. A new challenge looms. Expect support from a once-strong critic.

PISCES (February 19 to March 20) You still might have explaining to do regarding a recent decision, but support grows as you continue to make your case. You might also want to start making plans for the upcoming holidays.

BORN THIS WEEK: You insist on making decisions based on facts, not on popular opinions. Have you ever considered a career in science?

Jackie Sousa has been knitting and crocheting since she was a small child, skills that her grandmother taught her mom and were passed down through the generations. Jackie has done craft shows and sells her goods on Facebook, which can be seen at Jackie's Knits and Knots, with small groups to provide more one-on-one instruction. She has also worked with the Girls Scouts and has taught many people the basics of knitting and crocheting.

Jackie recommends bringing a size G or H crochet hook and a skein of cotton yarn.

Learn Improv at the Mattapoissett Library

On Saturday, **October 21** at 2 pm, Meredith Charles of Drama Out of the Box is leading an improvisation workshop designed to challenge and inspire students to stretch their brains and limits. It is a great class for both the seasoned performer and those new to the world of theatre who are looking to try it out. This program is for ages 12 and up, and registration is required. For more information, contact Michelle Skaar at mskaar@sailsinc.org or by calling the library.

Music at the MAC Fall Series

The Marion Art Center (the MAC) is pleased to announce three upcoming music events in November. Tickets can be purchased online at marionartcenter.org/events.

Jazz Jam @ the MAC returns to the Marion Art Center stage on Friday, **November 3** from 7:00-9:30 pm (tickets are \$20 for MAC members, \$25 for nonmembers; participating musicians attend for free.) Be part of the long tradition of the jazz jam session complete with participation from community musicians. Our house band – Matt Richard on piano, Dave Zinno on bass and Gary Johnson on drums – will support the improvisers

as they interpret many “jazz standards” in various style formats. Learn about the inner workings of a jam session as trombonist Phil Sanborn leads a question-and-answer session and explains how the songs are structured and how the “road map” for each selection helps the improvisers. Join us to listen in, or if you're a musician, sign up to join us on stage. Guests may bring their own refreshments to enjoy during the show. Musicians who would like to play should email info@marionartcenter.org with “Jazz Jam” in the subject line.

Putnam Murdock & Friends return to the MAC stage on Saturday, **November 4** at 7:30 pm, with musician Merrick Brannigan as the opening act. Along with Colin Bradley on pedal steel, Kyle Spark on bass, and Mark Purrington on drums, Murdock's tunes are realized in a new way. There is a sensitivity and touch where the players listen and create in the moment to create a solid sonic foundation but one that is malleable and patient. These players do not rely on their rehearsals to create repetition but to create the trust it takes to approach every song like it is brand new every time they perform. Merrick Brannigan is a 15-year-old singer/songwriter with a passion for all things music. He is an accomplished guitarist, pianist and vocalist. A former Nantucket resident, his music career began when he won Nantucket's Got Talent in 2019.

Don't miss the third and final Unplugged in the MAC Gallery event of the season with pianist Matt

Richard and bassist Dave Zinno on Friday, **November 17** starting at 7:00 pm, with a second seating scheduled at 8:15 pm. The cost is \$12 for MAC members and \$15 for nonmembers. There will be two separate performances during the night, and each set will last about 45 minutes. Find a spot at a cabaret table to listen to a mix of jazz standards and original compositions by both artists. Guests will enjoy a refreshing setting in our upstairs gallery at this “unplugged” performance featuring mainly acoustic sound, without the volume and density often experienced during larger concerts in the MAC Theater. Guests may bring their own beverages and snacks to enjoy in this intimate setting. Tickets are limited and advanced registration is strongly recommended.

the Marion Natural History Museum on **October 21** from 10 to 12. The summer may not have been the best for visits to the beach, but ducks, frogs and mushrooms were happy with the frequent rain. Join us for a mid-autumn hike where we will look for what mushrooms are still fruiting. We will chat about basic anatomy and diagnostic features for identifying mushrooms as well as how to identify a few beginner edible mushrooms and their closest nonedible look-alikes. Some potential species of fungi we may see at this time of the year include: chicken of the woods, hen of the woods, shrimp of the woods, old man of the woods, various coral and ramaria spp, oysters, honey mushrooms and the iconic fly agaric.

Friends of the Mattapoisett Library

Save the Date for the Friends of the Mattapoisett Library Annual Jewelry and Accessory Sale. Mark your calendar for Saturday, **November 18** from 10 am to 2 pm for the annual Friends of the Mattapoisett Library Jewelry and Accessory Sale. Friends' members will have a chance to shop at the preview sale the evening before, Friday **November 17**. More details to come at the end of the month.

The Friends need your unwanted jewelry and accessories. Scour your jewelry boxes and closets for pieces that you no longer wear and wish to donate. We take all kinds of jewelry and accessories, including gloves, purses, hats, pins, charms, scarves and hair clips. Ideally, jewelry and accessories should be in good condition and clean. Bring your donations to the library throughout the month of October and the beginning of November.

The Friends are also currently accepting book donations for a sale to be held on Saturday, **October 14** from 10 am to 1 pm. Donations of books can be dropped off at the library when the library is open. Please do not leave books or jewelry outside when the library is closed or put into the book returns.

For more information about the sale or what to donate, call the library at 508.758.4171 or email to mfp1@sailsinc.org. Check the library's web page for more information about the Friends of the Library.

ORRHS Drama Club to Present "Romeo and Juliet"

The Old Rochester Regional High School Drama Club's Fall production of "Romeo and Juliet" will take the stage on **November 16, 17, and 18** at 7 pm and **November 19** at 2 pm. This will be the fifth show for Director Maxx Domingos and fourth show for Assistant Director Sarah Whinnem as they begin their third year with the ORRHS Drama Club. Principal cast members include Aidan Silk as Romeo, Reese Souza as Juliet, Blaine Boulanger as Capulet, Chloe Bean as Lady Capulet, Cattarina Nunes as Nurse, Calder Eaton as Mercutio, Jorge Carrillo as Benvolio and Tenley Lane as Tybalt.

The play would best be enjoyed by adults and younger patrons grade 5 and above. Since the story contains topics of suicide, fighting and death, it may be inappropriate for younger audiences. The ORRHS show has been adapted for high school students and will

be presented in a condensed format from the original production. Sound design by John Farrell.

Please note: The ORR High School is currently a latex-free building. Tickets are for sale at the Marion General Store, Isabelle's in Mattapoisett, Friends' Marketplace in Rochester, at the door and online for a small service fee through Eventbrite: Students & Senior Citizens \$10.00, General Admission \$12.00.

Show Summary; The Capulet and Montague feud has a clenching hold on the small town of Verona. This age-old vendetta between two powerful families erupts into bloodshed. A young, sensitive, lovesick Romeo Montague wanders the streets of Verona aching for love. His boisterous friends Benvolio and Mercutio hope to bring him out of his lovesick depression by crashing Capulet's masquerade party. Upon entering the party, Romeo falls instantly in love with the beautiful Juliet Capulet who is due to marry her father's choice, the County Paris. The two star-crossed lovers must face the hard truth – a Capulet can never marry a Montague.

Mattapoisett Museum

This autumn, the Mattapoisett Museum at 5 Church St. is extending its hours through September and October. The Museum will be open to visitors on Thursdays by appointment and on Friday and Saturday from 12:00 to 4:00 pm. Directions to the Museum are posted on their website at mattapoisettmuseum.org as well as upcoming events.

The Museum's latest exhibit, Mattapoisett: Now and Then, will be on display. Featuring historic photos, ephemera and artifacts of Mattapoisett landmarks and businesses, juxtaposed with modern day images, the exhibit will offer visitors the opportunity to see the landscape as it was in generations past and today in the present. For those who have lived in Mattapoisett for generations, this exhibit will evoke wonderful memories of "I remember that." For newcomers, the exhibit will build an understanding of Mattapoisett's history and show how it has changed to the present.
